PROFESSIONAL EXPERIENCE

Software Development Lead — Dec 2025 – Present

Accenture in India — Noida, UP

- Leading SAP ABAP development and ECC to S/4HANA migration initiatives for enterprise clients
- Performing HANA remediation on custom ABAP programs to ensure S/4HANA compatibility
- Developing and optimizing CDS Views, OData Services, and RAP-based applications
- Redesigning legacy ABAP programs for database performance optimization on SAP HANA
- Working with SmartShift team to develop automation tools for enhancing business activities
- Collaborating with functional teams to translate business requirements into technical solutions
- Conducting code reviews and maintaining quality standards across the development lifecycle
- Utilizing ABAP Runtime Analysis, SQL Trace, and System Dump Analysis to improve performance

Tech Stack: SAP ABAP · S/4HANA · CDS Views · RAP · OData · HANA Remediation · SAP Fiori · SmartShift

SAP ABAP Consultant / Infosys Certified SAP Fiori Consultant May 2021 – Dec 2025

Infosys Private Limited Bengaluru, Karnataka

- Contributed as a top performer in EAS SAP Unit across multiple application management and development projects
- Interacted directly with clients to gather requirements and provided technical support to functional teams
- Developed Reports (Classical, Interactive, ALV/SALV) and interface programs including Proxies, RFC, IDocs, and Web Dynpro
- Designed and programmed Smart Forms, Adobe Forms, and SAPscript layouts for various business outputs
- Worked on ABAP Data Dictionary concepts including tables, structures, views, lock objects, and type groups
- Applied latest ABAP 7.5 coding techniques including inline declarations, ABAP SQL enhancements, and method chaining
- Integrated SAP systems with various external APIs to support business automation and data exchange
- Used BAPIs for data migration to master tables as part of data migration projects
- Created SAP/Infosys-certified utilities across multiple functional modules
- Acted as AMS Track Lead (Aug 2022 – Dec 2025): Helped resolve complex technical issues, submitted POCs, led design discussions, managed project delivery without major escalation, and joined critical P1/P2 calls with clients

Tech Stack: SAP ABAP · SAP Fiori · OData · Web Dynpro · ALE/IDocs · Smart Forms · Adobe Forms · ABAP 7.5 · RFC · BAPIs
