PROFESSIONAL EXPERIENCE

Software Development Lead — Dec 2025 – Present

Accenture in India — *Noida, UP*

- Leading SAP ABAP development and ECC to S/4HANA migration initiatives for enterprise clients
- Performing HANA remediation on custom ABAP programs to ensure S/4HANA compatibility
- Developing and optimizing CDS Views, OData Services, and RAP-based applications
- Redesigning legacy ABAP programs for database performance optimization on SAP HANA
- Working with SmartShift team to develop automation tools for enhancing business activities
- Collaborating with functional teams to translate business requirements into technical solutions
- Conducting code reviews and maintaining quality standards across the development lifecycle
- Utilizing ABAP Runtime Analysis, SQL Trace, ATC, and System Dump Analysis to improve performance

Tech Stack: *SAP ABAP · S/4HANA · CDS Views · RAP · OData · HANA Remediation · SAP Fiori · SmartShift · ATC*

SAP ABAP Consultant / Infosys Certified SAP Fiori Consultant — May 2021 – Dec 2025

Infosys Private Limited — *Noida, UP*

- Contributed as a top performer in EAS SAP Unit across multiple application management and development projects
- Interacted directly with clients to gather requirements and provided technical support to functional teams
- Developed Reports (Classical, Interactive, ALV/SALV) and interface programs including Proxies, RFC, IDocs, and Web Dynpro
- Designed and programmed SmartForms, Adobe Forms, and SAPscript layouts for various business outputs
- Built and maintained SAP Workflow solutions including workflow definitions, tasks, agents, and business object methods to automate approval and notification processes
- Worked on ABAP Data Dictionary concepts including tables, structures, views, lock objects, and type groups
- Applied latest ABAP 7.5 coding techniques including inline declarations, ABAP SQL enhancements, and method chaining
- Integrated SAP systems with various external APIs to support business automation and data exchange
- Used BAPIs for data migration to master tables as part of data migration projects
- Created SAP/Infosys-certified utilities across multiple functional modules

- Acted as AMS Track Lead (Aug 2022 – Dec 2025): resolved complex technical issues, submitted POCs, led design discussions, managed project delivery without major escalation, and joined critical P1/P2 calls with clients

Tech Stack: *SAP ABAP · SAP Fiori · OData · Web Dynpro · ALE/IDocs · SmartForms · Adobe Forms · ABAP 7.5 · RFC · BAPIs · SAP Workflow*

KEY PROJECTS

SmartShift Automation Tool Dec 2025 – Present

Accenture

- Collaborated with SmartShift team to develop automation tools that streamline and enhance SAP business activities

ABAP Cloud RAP Reference Project — Open Source Jan 2026 – Mar 2026

Accenture

- Reference RAP model on SAP BTP ABAP Environment — BO definition, OData V4 service exposure, Fiori Elements UI. GitHub: github.com/rahulmsingh337/abap-cloud-rap-reference-project

S/4HANA Migration Code Cookbook — Open Source Jan 2026 – Mar 2026

Accenture

- Reference RAP model on SAP BTP ABAP Environment — BO definition, OData V4 service exposure, Fiori Elements UI. GitHub: github.com/rahulmsingh337/s4hana_migration-code-cookbook

Traceability Report Development Aug 2024 – Apr 2025

Infosys

- Developed a new report to simplify business processes and provide summary data on order/delivery information per business user request

US Email Automation – BOL & Packing Slip Output Enhancement Feb 2024 – May 2024

Infosys

- Led assessment and enhancement of email automation for Bill of Lading and packing slip outputs; implemented logic to consolidate multiple POs/DNs into a single document when only one stop is present

SAP Workflow – Approval Process Automation Sep 2023 – Jan 2024

Infosys

- Designed and implemented SAP Workflow for automated multi-level approval routing; configured business object methods, workflow tasks, agent determination rules, and deadline monitoring to reduce manual intervention and processing time

LT03 Transaction Enhancement & Custom Implementation Nov 2023 – Jan 2024

Infosys

- Led end-to-end solution for LT03 transaction limitation by creating a customized transaction code; conducted analysis, developed POC, presented prototype, addressed client concerns, secured approval, and implemented with client appreciation

COPA Report Reconciliation Sep 2023 – Dec 2023

Infosys

- Built reconciliation report to fetch frozen index and user from background jobs; calculates FI, COPA, and Statistical values based on selection screen posting date

EDUCATION

Bachelor of Technology – Mechanical Engineering 2016 – 2020

Vellore Institute of Technology | Vellore, Tamil Nadu

Intermediate (12th) 2014 – 2016

DAV Public School | Dudhi Kuha

Matriculation (10th) 2002 – 2014

DAV Public School – CWS Jayant | Madhya Pradesh

AWARDS & RECOGNITION

- **Unit Rise Award – Rookie of the Quarter** | Infosys (EAS SAP Unit)
- **Best Performer in EAS SAP Unit** | Infosys
- **ACE COE Performer Award** | Infosys EAS SAP Unit
- **16 Consecutive INSTA Rewards** for outstanding commitment and delivery | Infosys
- **5x Unit Rise Awards** within the SAP Unit at Infosys
